Re: Public Records Act Request

Dear Kevin:

Pursuant to the California Public Records Act, the Palo Alto Weekly respectfully requests copies of the following records in possession of the Palo Alto Unified School District or its attorneys:

All communications or other written documents, including emails, received since February 15, 2013 from the Department of Education Office for Civil Rights (OCR) pertaining to the materials submitted to OCR by the District, its employees or its attorneys pursuant to the Resolution Agreements for OCR case numbers 09-11-1337 and 09-12-1428.

Please consider this an ongoing request for documents pertaining to these two cases and provide future documents responsive to this request as they are received.

Thank you for your assistance.

Respectfully,

A handwritten signature in black ink, appearing to read "William S. Johnson".
